

PACKAGING ISSUES?

Packaging Testing Services

Will your packaging stand up to the harshest environments of transportation and delivery? We at MTS have a team of certified engineers dedicated to streamlining your packaging process and making sure your precious items meet the requirements of the world's leading distributors.

“MTS has received all necessary Amazon issued training and is **approved by Amazon** to test for compliance to Amazon **Prep-Free Packaging (PFP)**, **Ships-In-Own-Container (SIOC)**, and **Frustration-Free Packaging (FFP)** requirements. MTS is listed on Amazon's Packaging Support and Supplier (APASS) Network and is also a globally based **ISTA certified lab.**”
